

Mitsubishi Express knows how to get down to business, it's your perfect business partner. The economical, yet hard working Express delivers the power and torque you need to get on with the job. Plus first class manoeuvrability and reliability have made it one of Australia's favourite light commercial vans.

EXPRESS EXPRESS

EXPRESS SWB

The functional design and size of the SWB means that it can easily carry your loads while power steering is standard on SWB models making it easy to park in those impossibly tight parking spaces.

EXPRESS SWB WINDOW

Reliability. Your reputation depends on it and the unstoppable Express range has been built on it. But being reliable, also means staying safe. The Express SWB Window van boasts a range of great safety features which make it both cargo friendly and people friendly.

The remote rear and side door lock provides convenient access and security.

Tilt adjustable steering wheel provides comfort to help prevent driver fatigue.

A cargo protection bar and cargo tie down rings, prevent loose loads from moving around in transit.

Cloth covered seats fully recline and the driver's seat lumbar adjuster provides comfort behind the wheel.

EXPRESS MWB

The stylish, aerodynamic body is pleasing to the eye, while the sturdy build of the Express reflects a unique inner strength. Purpose built to take whatever the job demands, Express is a perfect combination of laid back comfort and true blue Aussie work ethic.

EASY ACCESS

All side and rear doors open to roof height to make it easy to accommodate tall and bulky items, while the flat floor lets you make the most of all the available space.

POWER TO GET THE JOB DONE

Express features an LPG Compatible 2.4 litre 4 cylinder SOHC, 16 valve multi-point fuel injected petrol engine producing 84kW of power and 188Nm of torque.

SPECIFICATIONS

Engine	
2.4L 4 Cyl, SOHC, 16 Valve Petrol with 'Balance Shaft'	
Bore x stroke	86.5 x 100mm
Capacity	2351cm ³
Compression ratio	9.0:1
Fuel system	ECI multi fuel inject
Performance	
Power	84kW @ 5000rpm
Torque	188Nm @ 3000rpm
Electrical System	
Battery	12V-27AH
Alternator	12V-75A
Clutch	
Manual - Single dry plate with diaphragm spring	
Brakes	
Front	Ventilated discs
Rear	Drums, leading and trailing shoes with load sensing proportioning valve
Suspension	
Front	Independent - wishbone, torsion bar
Rear	Rigid - semi elliptic leaf spring
Steering	
Power assisted rack and pinion	
Wheels	
14" x 5" Pressed steel	
Tyres	
14" 185R14C-8PR
