

WRX STI

MODEL YEAR 2012

ALL 4 THE DRIVER™

SUBARU

ALL 4 THE PERFORMANCE. THE SAFETY. THE RETAINED VALUE

Our DNA is what makes every Subaru a Subaru. It's our constant focus on Performance, Safety and protecting the Retained Value of your Subaru that makes Subaru distinct from any other car brand. Our DNA delivers you, the Driver, the confidence to exploit your Freedom everyday.

POISED PERFORMANCE

Subaru has long been highly regarded for its performance technologies. From the rally circuit to the highway, Subaru's engineering and driving characteristics are focused on delivering a driving experience unlike any other, handling all road and weather conditions with ease, control and comfort.

→ SYMMETRICAL ALL-WHEEL DRIVE

Delivers outstanding grip, balance and control in a variety of road conditions when combined with Subaru's horizontally-opposed Boxer engine technology and a symmetrical drivetrain.

→ HORIZONTALLY-OPPOSED BOXER ENGINE

Ensures smooth power delivery, with less vibration and its low centre of gravity gives optimum balance and control to you, the Driver.

SUPERIOR SAFETY

Impressive safety credentials have earned Subaru the maximum five-star ANCAP occupant safety rating, plus freedom from worry for you, thanks to Subaru's -

→ VEHICLE DYNAMICS CONTROL SYSTEM

→ RING-SHAPED PASSENGER SAFETY CELL

→ DUAL FRONT, DUAL FRONT SIDE AND CURTAIN AIRBAGS

→ ABS, EBD AND 4-WHEEL DISC BRAKES

RETAINED VALUE

Freedom comes from knowing that you've made a great investment. Every Subaru comes into the world as the best car it can be, and then we help you to keep it that way. We promise to protect your freedom by looking after the performance, safety and the retained value of your vehicle. With our dedicated Subaru Service Centres and microscopic **DataDotDNA**® theft protection, your car is in good hands for many years to come.

ALL OF THIS ADDS UP TO A GREATER EXPERIENCE FOR YOU - THE SUBARU WRX STI DRIVER. SUBARU. ALL 4 THE DRIVER.

WRX STI

FREEDOM IS IN OUR DNA

BRING ON STORMS. BRING ON HAIRPINS.

BRING ON THE OPEN ROAD. GET USED TO GETTING THERE FIRST.

PHWOAR WHEEL DRIVE

Power rules the world. The Subaru WRX STI rules the road. It's All-Wheel Drive, All 4 the Driver™ turbocharged power on steroids. Feel the adrenalin. Feel the respect. Then harness the power to pursue glory, relentlessly.

The Subaru WRX STI shares the same DNA as the Subaru World Rally Championship cars. The fearsome reputation and podium worthy styling are just the beginning. Under the aggressive exterior is the pinnacle of Subaru driving technology. Revered technology that is unashamedly worshipped by Subaru WRX STI fans.

The brooding front fascia and dark WRX STI sports mesh grille hint at the heart-stopping

power that is balanced by the massive rear wing on the sedan. The sports body kit is enhanced by self-levelling low beam Xenon headlights with pop-up washers, 18-inch 14-spoke alloy wheels with STI logo, side garnish with STI logo, tail pipe covers on the sedan and Brembo brakes with four-pot front and two-pot rear calipers combined with four-wheel ventilated discs – for awesome stopping power.

The Subaru WRX STI spec.R models up the stakes and boasts lightweight 18-inch 18-spoke BBS alloy wheels and an electric sunroof.

INTEGRATED FRONT FOG LIGHTS.

→18-INCH 18-SPOKE BBS ALLOY WHEELS WITH STI LOGO.²

LINE UP ON THE GRID

Red. It's the colour of passion. So its logical that red is the colour of Subaru's WRX STI. The red interior illumination bathes the cockpit in a racy glow, while sports pedals heighten the sense of expectation.

Acknowledgement of the vehicle's sports intent can be seen in the instrument cluster with centre sport tachometer and the electroluminescent gauges with STI logo. The in-dash multi-information display features fuel economy information, temperature and clock, while steering wheel audio and cruise controls let the driver keep their eyes on the road. Fully integrated *Bluetooth*^{®1} wireless technology completes the picture, with steering wheel controls and handsfree mobile communication. Plus, two 12

volt power jacks let you charge your phone while you're on the go.

In the Subaru WRX STI you can pick your favourite driving anthem and turn it up on the ten-speaker single CD player. Plus you'll find a USB connection² and auxiliary jack² in the centre console, giving you MP3 and iPod compatibility. In the Subaru WRX STI spec.R there's a multi-information in-dash satellite navigation system, with seven-inch touch screen, powered by the intuitive Whereis^{™3} Map database. Information functions include a dual trip meter, journey duration, distance and average fuel consumption. RCA jacks deliver audio compatibility and the combined single CD/DVD player present exceptional sound and video quality.

Auxillary jack and USB connection not available if factory satellite navigation is fitted. 3. Whereis is a registered trademark of Telstra Corporation Limited.

MODEL SHOWN: Subaru WRX STI spec.R Hatch

READY FOR TAKE OFF

Take pole position behind the wheel and prepare yourself for a high velocity ride. The Subaru WRX STI interior is as muscular as the engine is powerful. Strap yourself into the Alcantara leather¹ sports bucket seats and feel the body hugging design support you through the corners. For those who take driving seriously, the Subaru WRX STI spec.R features leather¹ sports bucket seats and also gives you the option of incorporating super bolstered, renowned RECARO seats for both the driver and front passenger.

Red stitching and the STI insignia on the seats is matched by the tactile leather steering wheel. The generous cabin lets you take passengers

on a hot lap and when the action really heats up the climate control air-conditioning will keep everyone cool. The seductive interior features smoked metal highlights and plenty of storage including a spacious front centre console box, front centre tray with STI logo and door pockets with integrated bottle holders. And when you're ready for adventure, the 60/40 folding rear seats create a cargo area big enough to fit all your other grown up toys.

→ LEATHER STEERING WHEEL WITH RED STITCHING (ALL MODELS).
PADDLE GEAR SHIFT ON STEERING COLUMN (AUTOMATIC MODELS ONLY)

→ FRONT CENTRE CONSOLE WITH CUP HOLDERS AND SLIDING LID.

→ OPTIONAL RECARO SPORTS BUCKET SEATS - DRIVER AND FRONT PASSENGER - SUBARU WRX STI SPEC.R.

1. Some parts of seating not full natural leather.

THINK OUTSIDE THE BOXER

Solid. Brave. Proven. Subaru's Boxer engine design lies at the heart of the Subaru WRX STI. However the innovation doesn't stop there. Every inch of the Subaru WRX STI is a tribute to the boldness of Subaru's visionary engineers.

→ Compact 2.5-litre four-cylinder DOHC turbocharged horizontally-opposed Boxer petrol engine with Dual Active Valve Control System.

→ Electronic Throttle Control (ETC).

Consistent across the Subaru WRX STI range is the famous Subaru Boxer engine that has been designed to sit lower and flatter in the engine bay than upright engines. Due to this unique positioning it delivers less noise and vibration to the cabin, while the lowered centre of gravity improves stability, cornering and traction with the road. Coupled with the Subaru WRX STI's symmetrical drivetrain, this configuration delivers superior handling confidence, better balance, smoothness and ultimately, outstanding driver enjoyment.

The intelligent drive systems incorporated into the Subaru WRX STI include ETC which seamlessly translates commands from the driver's right foot to automatically

select the optimum throttle position for effortless performance. The ETC system also considers the environment, optimising gas emissions and fuel economy.

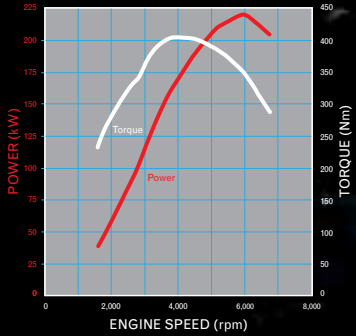

The Subaru WRX STI engine has also been finely tuned to deliver optimum power, torque, exhaust emissions, fuel economy and idling stability via Subaru's Dual Active Valve Control System which varies the inlet and exhaust camshaft timing. This is coupled with an advanced turbocharger for heightened airflow delivering simply outstanding performance.

The Subaru WRX STI turbocharged engine produces a massive 221kW of power at 6,000rpm, as well as 407Nm of torque at 4,000rpm in manual transmission models. Whilst in automatic transmission models, the turbocharged engine produces 221kW of power at 6,200rpm, as well as 350Nm of torque from 3000-6000rpm. Impressive huh!

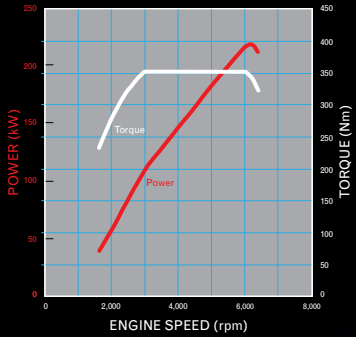

Respect and glory. The Subaru WRX STI has earned them both in equal measure. From the back straight to the pit lane, the turbocharged Boxer engine is revered as a performance icon. Awe inspiring, thrilling and ready for its victory lap.

DOHC TURBOCHARGED BOXER PETROL ENGINE
- MANUAL TRANSMISSION¹

SUBARU WRX STI 2.5-LITRE FOUR-CYLINDER
DOHC TURBOCHARGED BOXER PETROL ENGINE
- AUTOMATIC TRANSMISSION¹

ENGINEERED TO OUTPERFORM

A car as powerful and finely tuned as the Subaru WRX STI, needs the control of advanced driving technology purpose-built to harness the attitude of this rally star.

The Subaru WRX STI is a drivers car, engineered for those who take driving seriously. With a wide range of easily adjustable precision driving settings, you can control the way the car drives like never before.

MANUAL TRANSMISSION

Developed to complement the high performance engine, the six-speed close ratio manual transmission provides an optimal gear for every situation and the rod selector linkage coupled with the synchroniser system allow accurate and reliable gear selection. The six-speed manual transmission also features an innovative system known as multi-mode Driver's Control Centre Differential (DCCD).

DCCD allows you to control the centre Limited Slip Differential depending on the road conditions and your driving style.

- Auto mode provides optimum handling, traction and all round performance.
- Auto (-) mode provides sharp handling performance suited to dry conditions.
- Auto (+) mode optimises overall traction suited to wet, slippery conditions.
- Manual mode lets you choose the perfect setting for your driving style.

AUTOMATIC TRANSMISSION

The five-speed automatic transmission utilises a Variable Torque Distribution centre differential that sets a drive split of 45 percent / 55 percent front to rear to ensure greater balance and control. Choose full automatic mode or manual mode using the paddle gear shift on the steering column. Additionally, the five-speed automatic transmission interacts with SI-DRIVE to tailor the gear changes and responsiveness of the WRX STI to the driver's needs.

SUBARU INTELLIGENT DRIVE (SI-DRIVE)

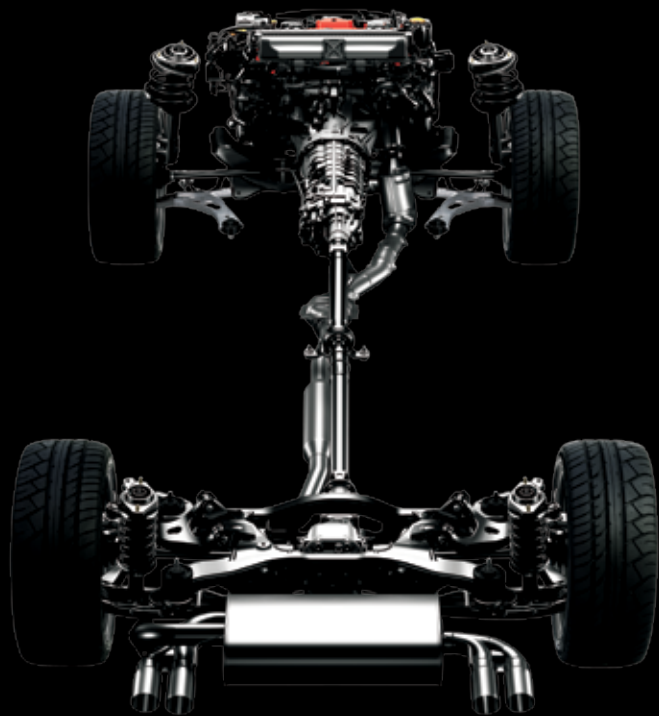

SI-DRIVE is standard in both manual and automatic transmission models and is designed to regulate key engine functions to offer three distinctive driving modes in the one car. For manual models it regulates the engine control unit and the electronic throttle, whilst in automatic models it also regulates the transmission control unit. The three modes you can select are:

- Intelligent (I) mode for everyday driving.
- Sport (S) mode for enhanced acceleration and all-round sporty performance.
- Sport Sharp (S#) mode for a thrilling drive.

SUBARU WRX STI AT SUBARU.COM.AU

ALL WHEELS, ALL OF THE TIME

Scientifically conceived. Rigorously tested for the last 40 years. Subaru's iconic Symmetrical All-Wheel Drive system is the pinnacle of superior Japanese technology. Technology that sets you free.

CONFIDENCE UNDER ALL CONDITIONS

The sign of a true performer is good balance. And when it comes to driving a Subaru, superior balance equals superior vehicle control. That's why Subaru has built its reputation on its Symmetrical All-Wheel Drive (SAWD) system and a symmetrical drivetrain that deliver an innate sense of balance from the ground up.

SAWD delivers engine power to all four wheels simultaneously. Having power distributed across all four wheels, rather than two on conventional vehicles, gives you twice the grip capacity. So under acceleration there's more grip for cornering and more capacity to keep on track through the corners. Ultimately, having the driving force spread across all four wheels means greater control and confidence under all conditions.

The traction and control delivered by SAWD is further enhanced by the Subaru WRX STI's suspension. The wide track rigid front suspension produces more responsive steering and cornering, while the independent double wishbone rear suspension lets you enjoy sharper handling and grip, instinctive responsiveness, better balance and a better feel on the road.

For you, the driver, it all adds up to an agile and responsive vehicle with optimum balance, control and confidence in a variety of driving conditions.

FIND OUT MORE ABOUT SAWD
AT SUBARU.COM.AU

SAFETY WE'RE PROUD TO RALLY BEHIND

On the rally track conditions can change in an instant. Driver reflexes are coiled tight, their attention is unwavering. Confidence in their car is paramount. While Subaru rally cars proudly carried the scars of uncompromising terrain, the lessons we've learned from their adventures are designed to help keep you unscathed.

CRUNCH TIME

Because you never know what's around the corner, Subaru have made safety an integral part of every vehicle. By incorporating the very latest safety technology, every vehicle in the Subaru range proudly carries the maximum five-star ANCAP* crashworthiness rating for occupant safety. The ring-shaped passenger cell is made from high-tensile strength steel, which directs impact energy around the passenger compartment, not through it.

Thanks to Subaru's electronic driver assist system, called Vehicle Dynamics Control (VDC), a range of stability and braking technologies step in to maintain safety in extreme situations. By automatically acting on information transmitted from a sophisticated array of sensors, the factors influencing the Subaru WRX STI's stability are constantly monitored to help the driver stay in control.

Subaru Vehicle Dynamics Control incorporates:

- Electronic Stability Control (ESC).
- Traction Control System (TCS).
- TCS Limited Slip Device (LSD).
- Anti-lock Braking System (ABS).
- Electronic Brakeforce Distribution (EBD).
- Brake Assist.

Unique to the Subaru WRX STI manual transmission models is our Multi-mode Vehicle Dynamics Control system that provides greater driver control and flexibility. There are three modes: Normal, Traction and Off.

- Normal mode utilises the full VDC system, controlling power, braking and torque delivery in emergency situations.
- Traction mode delays and restricts the intervention of the Traction Control System and the Electronic Stability Control system allowing the driver additional control.
- Off mode enables the driver to operate the car without VDC.

Active safety features on the Subaru WRX STI are complemented by an optimum blend of passive safety, designed to enhance driver and passenger protection:

- The Boxer engine sits low in the engine bay to help protect occupants by sliding below the cabin - not into it - in the event of a severe frontal collision.
- Ring-shaped passenger safety cell combines rigid reinforced sections with crumple zones designed to absorb impact energy and reduce injury.
- Six SRS airbags - dual front, dual front side and curtain airbags.
- Front seatbelts feature pretensioners and load limiters.
- Automatic Emergency Locking Retractors on all rear seatbelts.

OUR SERVICE PROMISE

WE ARE ALL **BORN FREE** BUT STAYING FREE,
THAT'S THE HARD PART.

ONCE YOU GET USED TO GOING ANYWHERE
- **AND DOING ANYTHING** -
YOU CAN **NEVER GO BACK**.

THAT **FREEDOM** IS SOMETHING YOU NEED TO **HOLD ON** TO.
SOMETHING TO **GRAB** WITH BOTH HANDS.
REMEMBER, YOU STILL HAVE CORNERS, COUNTRIES,
AND CONTINENTS **TO CONQUER**.

WE ARE YOUR **GUARDIANS OF FREEDOM**.
THIS IS YOUR **PRIDE AND JOY**.
LOVE IT, LOOK AFTER IT AND IT'LL LOOK AFTER YOU IN RETURN.

IT TOOK THE FINEST MINDS IN JAPAN TO BUILD
THIS INCREDIBLE VEHICLE.
?? WHY LET JUST ANYONE TINKER WITH IT ??

ENTRUST IT ONLY TO THOSE YOU **TRUST MOST**.

YOU CAN'T PUT A PRICE ON **FREEDOM**,
BUT CONFIDENCE IS **SURPRISINGLY AFFORDABLE**.

WE WILL PROTECT YOUR FREEDOM.

TAKE TO THE ROAD WITH THE KNOWLEDGE THAT YOU HAVE THE EXPERIENCE AND SUPPORT OF SUBARU BEHIND YOU.

SUBARU GENUINE SERVICE

Entrust your Subaru only to those who know it best.

They are the Subaru technicians who are passionate about maintaining your freedom and who train year after year until they know your vehicle inside out. Using specialist diagnostic equipment and Subaru Genuine Parts, they are committed to keeping your Subaru performing at its best. Delivering freedom from worry, while ensuring the safety of your family and the long-term retained value of your vehicle.

SUBARU NEW CAR WARRANTY - THREE YEARS / UNLIMITED KILOMETRES

Whether you're off the beaten track or cruising the open highway, you can rest assured knowing that your new Subaru is covered by a three year unlimited kilometre manufacturer's national warranty. That's three full years of worry free driving!

For full details and our latest new car warranty information, visit subaru.com.au/service/warranty

But why stop there, when you're sure to have your Subaru for much longer? Protect your investment by purchasing an additional two year Subaru Assured New Vehicle Warranty. Ask your Subaru Retailer for more information.

SUBARU ASSURED USED VEHICLES

Owning a Subaru that has already traversed highways and byways is like travelling with an old friend. Every Subaru Assured Used Vehicle has passed a 116-point quality inspection and comes with a one year unlimited kilometre Subaru Assured Warranty - to complement the balance of a new vehicle warranty or the statutory warranty that remains - from participating Subaru Assured Retailers.

SUBARU PREFERRED COLLISION REPAIRER NETWORK

When you take the road less travelled, you're going to get wet and you're going to get dirty. But should you put a dent in your freedom, there is a dedicated Subaru Preferred Collision Repairer helpline available on 1800 737 179, 24-hours a day, seven days a week. Plus the national network of appointed Subaru Preferred Collision Repairers, can return your Subaru to its former glory.

DATADOT_{DNA}[®]

Every Subaru is fitted with advanced engine immobilisers and DATADOT_{DNA}[®] technology. Approximately 7,000 microscopic dots are laser-etched with your vehicle's unique Vehicle Identification Number - making your Subaru a much less attractive target for potential thieves. In fact, provided you meet certain terms and conditions (such as a requirement that the vehicle is properly registered and comprehensively insured at the time of theft) DATADOT_{DNA}[®] will even pay your insurance excess (up to a maximum of \$800 incl GST) should your new Subaru be stolen in the first year of ownership and the vehicle is not recovered despite the presence of DATADOT_{DNA}[®] and warning labels¹.

1. Claims must be received from the vehicle's registered owner within 45 days of the theft accompanied by a police report in relation to the theft and proof that the insurer has fully paid out the claim.

SUBARU FINANCE

Relax with Subaru Finance and enjoy your freedom faster with our range of personalised and affordable financial solutions to approved customers. Our finance specialists will help you find a finance package that is tailored to your individual needs - quickly and conveniently. So let Subaru Finance do the work for you, it's what we do best.

SUBARU INSURANCE

Freedom is limitless. So why keep your car in the garage? Explore your freedom, but also protect it. There is a range of Subaru Insurance options that offer features and benefits to complement your Subaru, including:

- Subaru Comprehensive Motor Vehicle Insurance
- Subaru Motor Equity Insurance
- Subaru Loan Protection Insurance

SUBARU LIFESTYLE

You wear your freedom like a badge of honour and now you can embrace all things Subaru with our range of quality merchandise. To see the entire Subaru merchandise range, visit shop.subaru.com.au, or ask your local authorised Subaru Retailer.

BEING A SUBARU OWNER COMES WITH MANY GREAT BENEFITS.

KEY FEATURES

SUBARU WRX STI

PERFORMANCE

- Symmetrical All-Wheel Drive
- Engine: 2.5-litre turbocharged horizontally-opposed Boxer engine
- Transmission: 6-speed manual or 5-speed automatic with manual mode
- Maximum power output: 221kW@6000rpm (MT) 221kW@6200rpm (AT)
- Maximum torque: 407Nm@4000rpm (MT) 350Nm@3000-6000rpm (AT)
- Subaru Intelligent Drive (SI-DRIVE)

EXTERIOR

- 18" 14 spoke alloy wheels
- Bonnet scoop
- Front fog lights
- Rear spoiler

- Self-levelling low beam Xenon headlights
- Sports body kit
- STI sports mesh grille

INTERIOR

- Air-conditioning - climate control
- Leather steering wheel with red stitching
- Seat trim - black leather¹ (Alcantara)
- Steering wheel audio, cruise and Bluetooth^{®2} controls
- Power mirrors, steering and windows
- Manual seat height lifter - driver and front passenger

- Sports bucket seats - driver and front passenger with red stitching and embroidered STI logo
- 60/40 split folding rear seats

ENTERTAINMENT / TECHNOLOGY

- Single in-dash CD player featuring:
 - AM/FM radio
 - MP3/WMA/iPod compatibility
 - 10 speakers
- Bluetooth^{®2} wireless technology with:
 - Handsfree mobile communication
 - Audio streaming³
- Auxiliary jack
- USB connection

1. Subaru Australia reserves the right to change mechanical specification and equipment levels without notice. 2. The Australasian New Car Assessment Program (ANCAP) gives consumers consistent information on the level of occupant protection provided by vehicles in serious front and side crashes. 3. SRS: Supplemental Restraint System. Effective when used in conjunction with seat belts. 4. Instrument cluster includes speedometer, tachometer, trip computer, fuel gauge, AT select indicator, cruise control indicator, high beam indicator and front fog light indicator. 5. Multi-information display includes fuel economy, temperature and clock. 6. *Bluetooth*[®] is a registered trademark of Bluetooth SIG Inc. System operation ability is subject to the *Bluetooth*[®] wireless technology specification of individual's phone. 7. Some parts of the seating are not full natural leather. 8. DVD operates only when vehicle is stationary. 9. There may be restrictions on features available for certain models that are not fully compliant with AVCPR. Audio streaming is not available if factory satellite navigation is fitted. 10. Auxiliary jack and USB connection not available if factory satellite navigation is fitted. 11. RCA jacks replace auxiliary jack and USB connection when factory satellite navigation is fitted.

A HUE THAT'S YOU

One of the final choices – but one of the most important! The colour you choose for your Subaru WRX STI makes a bold statement about who you are. So we've made sure you've got lots of ways to express yourself – with a wide range of colours to make your Subaru WRX STI more... you.

Below colours are available as at February 2012, however available colours may change in the future. Always check with your authorised Subaru Retailer regarding colour availability of your selected model before purchase.

SATIN WHITE PEARL

ICE SILVER METALLIC

WR BLUE MICA
