

CIVIC HATCH

The Honda Civic Hatch.

A cleverly engineered mix of style and practicality designed to leave the heart singing and the head, nodding.

Civic Hatch VTi-L with accessory 17-inch 'Neon' alloy wheels shown in Brilliant Sporty Blue Metallic.

You can't please everyone...
or can you?

It's not often in life that the head and the heart are in total agreement; it takes a unique combination to please both. A combination cleverly engineered to perfection in the Civic Hatch.

It's got style that makes the heart beat faster with practicality the head can, well, get its head around.

Ruthlessly efficient, it combines coupe-like styling and real road-presence with a luxuriously smooth ride and sporty handling.

Experience a safe and satisfying drive courtesy of the Agile Handling Assist System (AHAS), which applies a light braking force to individual wheels during cornering.

It's remarkably quiet too, with high-tech touches reducing noise intrusion to offer an inviting interior with class-leading versatility.

And with a reassuringly long list of safety features, it also comes with a 5-star ANCAP safety rating.

In fact, every part of the Honda Civic Hatch is engineered to strike just the right balance between the beautiful and the practical, the exciting and the economical, the fresh and the functional.

BRAINS OR BEAUTY? WHY NOT HAVE BOTH...

When you explore the Honda Civic Hatch's features, you get the feeling that form not only follows function, but actively gives it a hand.

Take the sleek, stylish exterior – it's not just a pretty face; those curves actually make the Civic Hatch incredibly fuel efficient. Streamlined wing mirrors, a shark-fin antenna and high-mounted rear wing spoiler with beautifully integrated LED smoked tail lights optimise airflow, creating unrivalled smoothness and stability while at the same time contributing to the striking visual impact of the Civic Hatch.

Its beautiful shape is accentuated by distinctive LED Daytime Running Lights, stylish alloy wheels and the cleverly hidden rear door handles that lend this highly functional 5-door hatch the feel of an especially spritely 3-door. (A low, wide stance only furthers the styling subterfuge.)

The result is a clever convergence of style and function that makes the Civic Hatch a smarter, more stylish way to drive.

As any Honda designer will tell you, quality is sensed as much as it's seen. And from the moment you sink into the spacious cockpit of the Civic Hatch, nothing is more obvious.

There are quality materials throughout the intelligently crafted interior – like soft touch surfaces and a choice of high quality fabric or leather-appointed upholstery**.

Elsewhere, details like drilled alloy sports pedals[‡]; blue ambient lighting[^] and race-inspired paddle shifters[~] highlight the Civic Hatch's sporty nature. While a smooth, leather-wrapped, tilt and telescopic steering wheel allows any driver to find their perfect position.

Superior sound-proofing endows the cabin with calm and quiet, while heated front seats* and automatic climate control offer comfort in every condition.

And if all this seems generous, so will the Civic Hatch's ample storage spaces, thoughtfully placed within the driver's natural line of movement.

With such a well-considered space, the Civic Hatch will make sense to each of your senses.

*VTi-LN only. **Leather trim includes some non-leather on selected, high impact areas. ^VTi-L and VTi-LN only. †Automatic transmission only.

Visit the cockpit. Yes, the cockpit. Somehow 'cabin' just doesn't seem to do the clever combination of high-tech gadgetry and supreme comfort justice.

It's a space that's built around the driver. The interior wraps around you, with a dual-zone dash layout that puts essential driving information right in your line of sight, so you need never take your eyes off the road.

In the upper zone, the digital speedometer is safe and easy to read. While the lower zone adds an ambient touch of class with a back-lit, three ring instrument cluster.

Centre-left lies the 7-inch colour touchscreen Display Audio unit, providing access to your phonebook*, call history and music library, including song titles and album art when available. You can even upload a favourite photo as a wallpaper background.

The VTi-LN's Display Audio features built-in satellite navigation with real-time SUNA† traffic updates to help you avoid congestion and potential traffic hazards.

Located above the Display Audio unit, the intelligent-Multi Information Display (i-MID) reports trip statistics, like average fuel consumption and speed, distance to empty and time elapsed. Switching between i-MID screens is effortless, thanks to intuitive steering wheel-mounted controls.

So the only thing left to focus on is the pure pleasure of the drive.

*Not all devices are compatible and functionality may vary. †SUNA is a registered trademark of Intelematics Pty Ltd. Coverage includes Melbourne, Sydney, Brisbane, Gold Coast, Adelaide, Perth and Canberra metropolitan areas. Refer to www.sunatrafic.com.au for full details.

Magic Seats.

60:40 split fold

Utility Mode

Tall Mode

In one simple motion, Honda's innovative Magic Seats flip up or fold down, locking easily into place. They also split 60:40 to create a multitude of flexible space.

The three main configurations can accommodate just about any item. Long Mode is perfect for larger items like bookcases, Tall Mode for objects that need to stand straight, like pot plants, and with the rear seats folding completely flat, Utility Mode will provide you with a lot of cargo space to play with.

So when it's time for an adventure and you want to leave it all behind, you can still take everything with you.

LED Daytime Running Lights (DRL)

Be safe, stylish and let everybody see you coming with the Civic Hatch's LED Daytime Running Lights (DRL).

Paddle shifters

On the 5-speed auto, paddle shifters let you quickly shift into lower gears without taking your hands off the wheel.

Heated/folding mirrors

The Civic Hatch features heated wing mirrors as standard, to dry off morning dew and frost. Selected grades[^] also let you use the key fob to remotely retract the mirrors and close the windows.

Climate control

Automatic climate control is standard in the VTI-S, so simply set the desired cabin temperature and the Civic Hatch will do the rest. Or upgrade to the VTI-L or VTI-LN for dual-zone climate control that's independently adjustable.

Auto-dimming rear-view mirror[^]

An electrochromatic rear-view mirror automatically adjusts to ambient light, reducing glare from the headlights of vehicles behind, improving visibility and safety during night-time driving.

Auto wipers and headlights[^]

For greater convenience in wet weather and dull light, rain-sensing wipers and dusk-sensing headlights take over and let you focus on the drive.

Parking sensors[^]

The Civic Hatch features front and rear parking sensors, so you can have peace of mind when manoeuvring into tight spots.

Front fog lights[^]

These subtly integrated front fog lights provide powerful forward vision in conditions of low visibility.

Alloy sports pedals[^]

Drilled alloy foot pedals enhance the Civic Hatch's sporty feel even further.

Smart keyless entry and push button start[^]

As long as the key fob is with you, the Civic Hatch will sense your approach and unlock the doors as soon as you touch the front handles or boot hatch. Once inside, just press your foot on the brake pedal and hit the push button start.

Power adjustable seat support[^]

Pinpoint your perfect position with driver and front passenger 4-way lumbar support and 2-way power side support for the driver only.

Heated seats^{*}

The leather-appointed[^] heated front seats in the VTI-LN offer an extra touch of comfort and luxury with a choice of two individual temperature settings for driver and front passenger.

[^]VTi-L and VTI-LN only. ^{*}VTi-LN only. ⁺Leather seat trim includes non-leather on selected, high impact surfaces.

Civic Hatch VTI-LN shown.

Reversing camera screen – VTi-LN model shown.

Take control with the wave of a finger.

Reversing camera.

Welcome to your 7-inch colour Display Audio unit – the command centre for all your music, communication, camera displays and more.

From here you can access the reversing camera, with dynamic guidelines as standard, giving you the confidence to park in even the most challenging spot.

Answer a call using the steering wheel mounted controls with Bluetooth[®]; send a text with Siri[†]; or even watch video content when your car is stationary[‡]. Now you have the whole world at your fingertips.

Steering wheel mounted controls.

Multimedia

You wouldn't set out on an adventure without your favourite tunes on hand. The Civic Hatch gives you options – a CD player, USB ports and HDMI[®] port[‡]; plus Bluetooth[®] audio streaming^{*}. So you won't miss a single beat. Of course, you can always tune in to your favourite station with the AM/FM radio.

Navigation

In the VTi-LN models, you'll find Satellite Navigation right there on the 7-inch colour screen. Using live SUNA[†] traffic updates, your car will always know where it's heading, what the best route is and how the traffic situation is looking.

Handsfree connectivity

Your compatible smartphone and the Civic Hatch make the perfect pair. With Bluetooth[®] and Siri[†] to control your contact list, music and more, you'll be in clever company wherever the journey takes you.

USB/HDMI[®] ports

While tucked discreetly inside the centre console, your devices can stay charged via USB port, while playlists can be accessed on screen using your compatible smartphone. Pull over and the screen becomes a HDMI[®] ready video player[‡].

The Civic Hatch... combining the power you want with the fuel economy you need.

The Civic Hatch has a solid suspension system at its core. Up front, MacPherson struts and electric power-assisted steering provide precision responses for a truly sporty drive.

It's a smooth ride, too. With a rear torsion beam that features fluid-filled compliance bushings to more effectively absorb shock and vibrations over bumps.

Body structure

The noise levels inside the Civic Hatch have been carefully controlled to enhance the smooth ride. This is achieved via the use of high strength steel in the body structure, a full-length bumper-to-bumper under-tray and noise absorbing panels in the rear wheel arches.

Agile Handling Assist System (AHAS)

Making its debut with the Civic Hatch is Honda's active safety technology, the Agile Handling Assist System (AHAS). When required, AHAS applies a light braking force, imperceptible to the driver, to individual wheels in order to maximise traction when cornering or during acceleration on slippery surfaces by modulating brake and throttle to ensure the vehicle remains on its selected course. The result: superior handling and stability.

Engine

Honda's i-VTEC engine is designed to deliver strong fuel economy, exhilarating performance and cleaner emissions.

The 1.8 litre i-VTEC petrol engine benefits from Honda's variable valve timing system, an innovation that optimises fuel economy at low revs and increases power at high revs. Enabling the engine to deliver 104kW at 6500rpm while only consuming 6.4L/100km*, you can enjoy the power you'd expect of a 2.0 litre engine with efficiency more like a 1.6 litre.

Transmission

Every Civic Hatch model offers a 5-speed automatic transmission with Grade Logic Control (a unique system that eliminates 'gear hunting' on inclines by controlling the gear range on gradients) and steering wheel-mounted paddle shifters allowing you to upshift and downshift with ease. For those who prefer traditional gear changing, the VTI-S offers the choice of a smooth 6-speed manual transmission with optimal shift prompts for more fuel efficient gear changes.

Eco Assist

Honda's Eco Assist works as a visual coaching system, changing the colour of your speedometer to help you drive more efficiently. When you brake or accelerate heavily, the speedometer will glow blue. Drive in a smooth, controlled way and the display glows an encouraging green.

ECON Mode

At the touch of a button, ECON Mode adjusts engine behaviour, transmission and air conditioning to maximise economy.

*The fuel consumption figure is based on ADR81/02 combined test results for the Civic Hatch VTI-S manual transmission.

VTI-L shown in Brilliant Sporty Blue Metallic.

HONDA IS COMMITTED TO DESIGNING EVERY MODEL WITH EXCEPTIONAL SAFETY FEATURES. WE EVEN BUILT THE WORLD'S LARGEST OMNI-DIRECTIONAL CRASH FACILITY TO TEST OUR CARS MORE THOROUGHLY

Reversing camera

Every model has a reversing camera as standard, so you'll feel just as safe going backwards as you do going forwards.

Emergency Stop Signal (ESS)

If an emergency situation forces you to brake heavily, drivers behind you need as much warning as possible. ESS does just that, automatically flashing the hazard lights in the event of hard braking to reduce the chance of a rear-end collision.

Vehicle Stability Assist (VSA) with Traction Control

This technology helps keep the Civic Hatch on course in adverse driving conditions by detecting, then mitigating, potential understeer or oversteer. When necessary, VSA automatically reduces engine power and manages brake pressure to individual wheels to help regain control.

With its 5-star ANCAP safety rating, the highest possible assessment, the Civic Hatch is one of the safest drives on the market.

Tyre Deflation Warning System (DWS)

This clever technology detects a decrease in tyre pressure and alerts you to potential punctures.

ABS, EBD and Brake Assist

When emergency braking is detected, Brake Assist (BA) applies maximum braking pressure, activating the ABS system. ABS helps stop the wheels locking under heavy braking, allowing you to maintain steering control whilst EBD works to maintain the directional stability of all four wheels.

Motion Adaptive Electric Power Steering (MAEPS)

When VSA is activated, Motion Adaptive Electric Power Steering automatically adjusts steering pressure, making it easier to steer in the stabilising direction.

Daytime Running Lights (DRL)

LED Daytime Running Lights don't just look great, they provide increased car visibility too.

Rigid body shell

The Civic Hatch is constructed using Honda's famous G-Con technology, which includes use of high tensile steel forged with a hot stamping method to increase material strength and maintain light weight.

Whiplash mitigating front head restraints

With specific spring range settings in both the seatback and bottom cushions, the Civic Hatch's front seats are designed to lessen the severity of neck injuries in case of a rear impact.

Airbags

The clever Honda i-SRS driver airbag system inflates at different rates depending on crash severity, seat belt usage and a host of other factors to keep you safe behind the wheel. Dual front, side and full-length curtain airbags are standard.

Adjustable speed limiter

This system easily lets you set a top speed (above 30 km/h) using steering wheel-mounted controls. It works by cutting off acceleration above your set limit. And if for some reason you do need a bit more brawn, a simple override feature allows you to go quicker, quickly.

Advanced Compatibility Engineering (ACE)

The Civic Hatch has been designed with an innovative body structure, engineered to absorb and deflect the force of a frontal collision away from the passenger compartment, improving the safety of every occupant.

Hill Start Assist (HSA)

Hill Start Assist prevents 'roll back' when starting on an incline. The system controls brake pressure, keeping the car stationary for a moment after you release the brake pedal.

Select your model and colour.

VTi-S

The Civic Hatch VTi-S comes standard with:

- 1.8 litre i-VTEC petrol engine
- 6-speed manual or 5-speed automatic*
- Paddle shifters†
- 16-inch alloy wheels
- Electrically adjustable and heated door mirrors with integrated LED turn indicators
- Halogen headlights
- LED Daytime Running Lights (DRL)
- Privacy glass (cargo area)
- Cruise control
- Eco Assist and ECON Mode
- Fabric seat trim
- Intelligent-Multi Information Display (i-MID)
- Leather-wrapped gear shift knob
- Leather-wrapped steering wheel
- Magic Seats
- Single-zone automatic climate control
- Reversing camera with dynamic guidelines
- Display Audio (7-inch colour touchscreen) including:
 - AM/FM radio with MP3 compatible CD player
 - USB connectivity
 - Bluetooth® phone and audio connectivity*
 - HDMI port**
 - Siri Eyes Free+ mode
- Six speakers
- 5-star ANCAP safety rating
- SRS airbags: dual front, side and full-length curtain
- Advanced Compatibility Engineering (ACE) structure
- Agile Handling Assist System (AHAS)
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Hill Start Assist (HSA)
- Motion Adaptive Electric Power Steering (MAEPS)
- Tyre Deflation Warning System (DWS)
- Vehicle Stability Assist (VSA) with Traction Control System (TCS)
- Security alarm and immobiliser
- Whiplash mitigating front head restraints

VTi-L

Additional features over the VTi-S:

- 5-speed automatic transmission only
- 17-inch alloy wheels
- Dusk-sensing automatic headlights
- Electrically retractable door mirrors
- Front fog lights
- Privacy glass (cargo area & rear passenger area)
- Rain-sensing automatic front wipers
- Auto-dimming rear-view mirror
- Blue ambient lighting (front doors)
- Drilled alloy sports pedals
- Driver and front passenger 4-way power lumbar support
- Driver 2-way power side support
- Dual-zone automatic climate control
- Rear seat centre armrest with 2 cup holders
- Front and rear parking sensors
- Smart entry with push button start

VTi-LN

Additional features over the VTi-L:

- Leather-appointed seat trim^
- Heated front seats
- Display Audio with built-in navigation (DA+ with SUNA traffic updates)†

Trims

Black fabric seat trim – VTi-S and VTi-L models.

Black leather-appointed^ seat trim – VTi-LN models.

You're never alone in a Honda.

Buy a Civic Hatch and you'll be amazed at how well you'll be looked after.

The care starts with a 3-year/100,000km warranty and 6-year rust perforation warranty.*

Plus Honda has a range of benefits that ensure your Civic Hatch is as pleasurable to own as it is to drive.

Dedicated Honda Care

Servicing your Civic Hatch at a local Honda Dealership will ensure you protect your investment and maximise its outstanding resale value. Dedicated Honda Care provides access to specialist diagnostic equipment and Honda Genuine Parts. There's also the advantage of factory-trained technicians with unparalleled knowledge of Honda products.

Honda Warranty Plus*

Purchase Honda Warranty Plus and your Civic Hatch will be protected with no claim limits and no cost for labour and parts for 5 years or 140,000km (inclusive of New Vehicle Warranty). You'll also be entitled to 5-year Premium Roadside Assist. Visit honda.com.au/warranty for more information.
