

THE LANCER EVOLUTION
FINAL EDITION
IS HERE.

love that car

LANCER EVOLUTION - END OF AN ERA. STRICTLY LIMITED TO JUST 150 UNITS FOR OUR SHORES, YOU BETTER BE QUICK TO SECURE YOURS BEFORE THEY ALL DISAPPEAR.

**LANCER
EVOLUTION**

FINAL EDITION

WE'VE KEPT THE BEST 'TIL LAST.

THE LANCER EVOLUTION 'FINAL EDITION' EMBODIES WORLD LEADING EXCELLENCE IN PERFORMANCE STREET CARS. IT DRAWS ITS INSPIRATION FROM THE TOP TIER TECHNOLOGY SUPPLIERS TO WORLD CHAMPIONSHIP MOTORSPORT. THESE ENGINEERING CONQUESTS HELP DEFINE THE FINAL EDITION EVOLUTION IN A LEAGUE OF ITS OWN WITH BREMBO BRAKES, BILSTEIN SHOCKS, EIBACH SUSPENSION AND BBS WHEELS.

THE STUFF LEGENDS ARE MADE OF.

2.0L TURBOCHARGED MIVEC ENGINE

The Final Edition Evolution receives an increase in engine power and torque through lowering temperature via the application of sodium valves and cylinder head heat-treatment. Cast from light weight aluminium, the state of the art turbocharged MIVEC engine hurls you toward the horizon in the blink of an eye every time you bury the pedal.

Power increased from 217kW to 226kW
Torque increased 366Nm to 414Nm

The MIVEC system utilises a direct-acting valve-train for additional weight reduction and optimal power, and also operates on both the intake and exhaust valves for optimum engine efficiency. Final Edition Evolution is available only in a 5-speed manual with clutch control interlock.

The engine performance curve has also been improved across the middle to high rpm and torque ranges to deliver better dynamic performance for quicker standing starts and overtaking.

THE ULTIMATE PERFORMANCE HARDWARE.

BREMBO BRAKES

With over 30 years of racing competition experience, **BREMBO** is the only brand worthy to feature on the Final Edition Evolution. To reign in the power of the Final Edition Evolution, braking is boosted with 350mm ventilated 2 piece constructed rotors with 4-piston calipers at the front, while the rear houses 330mm rotors with opposed 2-piston calipers. The **BREMBO** brakes reduce weight whilst combining a significant increase in performance, allowing heat from the ventilated rotors to be dispersed quickly to reduce braking fade.

BILSTEIN SHOCK ABSORBERS AND EIBACH SPRINGS

Unbelievable control and stability. Precise handling. Ultimate performance and incredible comfort. Few other shock absorber manufacturers have been able to equal the performance and enhanced ride characteristics of **BILSTEIN** Shock Absorbers. Combine this shock absorber setup with **EIBACH** Springs and you achieve the best possible balance between the Final Edition Evolution, the road and you.

18" BBS WHEELS WITH GOLD CENTRE WHEEL ORNAMENT

The Final Edition Evolution comes customised with 18" **BBS** satin platinum forged alloy wheels with a gold centre ornament, wrapped in road hugging 245/40 rubber. The lightweight construction of the wheels results in a reduction of 'un-sprung' weight, improving handling and making the car more stable.

OWN THE ROAD.

SUPER ALL WHEEL CONTROL SYSTEM

Thanks to the sophisticated Super All Wheel Control System (S-AWC), the Final Edition Evolution allows you to drive in ways you didn't think were physically possible. The S-AWC system is made up of 4 independent systems working together and operated via the vehicle's ECU to give you handling that defies belief. The **Active Centre Differential** (ACD) determines the optimal torque split between the front and rear axles. It then distributes this through the hydraulic multi-plate clutch. ACD works in three modes – tarmac, gravel and snow – to enable quicker control response for changes in road surfaces.

To maintain stability and control when cornering, **Active Stability Control** (ASC) automatically recognises under steer and over steer and applies braking to the appropriate wheels to keep you on a straight line and in control. The **Super Active Yaw Control** gathers information on lateral and longitudinal acceleration, steering angle and wheel speed. It then distributes torque between the rear wheels accordingly. To give you complete confidence in all situations, the Final Edition Evolution also features Mitsubishi's Sports **ABS** with Electronic Brakeforce Distribution that regulates the braking force to match vehicle load and driving conditions.

FEATURES THAT SET THE LANCER EVOLUTION FINAL EDITION APART.

- + Exclusive two tone colour range with black painted exterior roof
- + Unique serial number plate – AU0001-AU0150
- + Colour multi-information display with 'Final Edition' greeting on start up
- + 18" BBS satin platinum alloy wheels with gold centre wheel ornament
- + Gloss black bonnet air outlets
- + Gloss black front bumper centre
- + Radiator grille with dark chrome surround
- + RECARO designed sports seats with leather facings and contrasting red stitching
- + Leather steering wheel with contrasting red stitching
- + Leather park brake with red stitching
- + Leather shift knob with red stitching
- + 'Final Edition' carpet mats

SAFETY, SECURITY AND SMARTS.

7 SRS AIRBAGS

To provide the ultimate protection in the event of frontal collision, Final Edition Evolution is fitted with 7 SRS airbags including driver, front passenger, driver knee, side and curtain airbags.

REVERSE CAMERA WITH MONITOR IN AUDIO DISPLAY

When reverse gear is engaged, the reverse camera image appears automatically on the display screen, supplementing the driver's rear field of view.

DUSK SENSING HEADLAMPS

Dusk sensing headlamps automatically illuminate in fading light or when you're travelling through a tunnel.

RAIN SENSING WIPERS

The Final Edition Evolution is equipped with front wipers that activate automatically when moisture is detected on the windscreen, allowing you to keep your hands on the wheel and your focus on the road ahead.

RISE

Put the Final Edition Evolution through its paces and you'll see strength truly is the core of this amazing vehicle. Mitsubishi's RISE rigid frame design combines an energy-absorbing front section with a strong, rigid occupant cell to provide outstanding protection, while an aluminium roof, bonnet and fenders assist in reducing weight creating a lower centre of gravity. This helps distribute energy in the event of an accident, keeping you and your passengers protected.

SMART KEY

Smart Key is Mitsubishi's advanced security transmitter, which can recognise you within a 70cm radius of the front doors and rear boot lid. You can lock and unlock the doors, open the boot and even start the engine, all whilst the Smart Key is tucked safely in your bag or pocket.

BLUETOOTH®

Keep your eyes firmly on the road ahead with this convenient hands-free phone system technology. Bluetooth® connectivity lets you receive and make calls at the touch of a button.

THEFT ALARM

To ensure your vehicle's security, a comprehensive system has been fitted to the Final Edition Evolution. By incorporating a multitude of motion sensors into one complete advanced security system, we have taken every possible precaution to ensure that your Final Edition Evolution will be safe and secure from theft and vandalism.

LANCER EVOLUTION FINAL EDITION – SPECIFICATIONS.

ENGINE

Type	2.0 Litre DOHC Turbocharged MIVEC
Bore X Stroke	86.0 X 86.0mm
Capacity	1998cc
Compression Ratio	9.0:1

PERFORMANCE

Power	226kW @ 6,500 rpm
Torque	414Nm @ 3,500 rpm

FUEL SYSTEM

Fuel Type	Premium Unleaded 98 Ron
Fuel Supply Equipment	eci-multi
Fuel Tank Capacity	55 Litres

ELECTRICAL SYSTEM

Battery	s65d26l
Alternator	12V – 130ah
Starter	12V – 1.4kW

STEERING

Type	Rack and pinion
------	-----------------

EXTERIOR DIMENSIONS (MM)

Overall Length	4,510
Overall Width	1,810
Overall Height	1,480
Wheelbase	2,650
Track – Front	1,545
Track – Rear	1,545
Ground Clearance	140
Turning Circle (m)	11.8

TRANSMISSION

Clutch Type	Dry-type, Single plate diaphragm, Pull-type
-------------	---

5 SPEED MANUAL TRANSMISSION

GEAR RATIOS

1st	2.857
2nd	1.950
3rd	1.444
4th	1.096
5th	0.761
Reverse	2.892
Final	4.687

CAPACITIES

Kerb Weight (kg)	1,565
Gross Vehicle Weight (kg)	2,040
Seating Capacity (Persons)	5

BRAKES

Front	350mm Brembo ventilated disc
Back	330mm Brembo ventilated disc

WHEELS / TYRES

Tyres (Front & Rear)	245/40R1893Y
Wheels	18 x 8.5" BBS satin platinum alloy wheels with gold centre wheel ornament

SUSPENSION

Front	Macpherson strut with BILSETIN shock absorber and EIBACH springs
Rear	Multi-link with BILSETIN shock absorber and EIBACH springs
