

BREAK THROUGH™

Cadillac XLR shown in Light Platinum.

X L R

Enter the 2004 Cadillac® XLR™ — a stunning combination of style, performance and technology.

XLR's bold jewellike exterior hints at the power and innovation that lies beneath. Sensors within XLR are set to recognize the Bvlgari-designed keyless remote, and without having to retrieve it from a pocket or purse, XLR senses the keyless remote, unlocks the doors and is ready to start with the instrument panel-mounted push-button ignition. Equipped with the advanced 4.6 Liter Northstar® V8 VVT engine, XLR purrs with power. Magnetic Ride Control™ and StabiliTrak® help ensure maximum wheel contact and body control for confident ride and handling. The Driver Shift Control transforms the XLR five-speed automatic transmission into a manual, allowing manual shifts with just a tap.

Within XLR, the artfully contoured French-seamed leather seating surfaces, contemporary eucalyptus wood accents, Bvlgari-designed gauges and striking aluminum accents combine to provide a luxurious and inviting environment. At the touch of a button, retract the hardtop and experience the exhilaration of the open air. A new age of driving has just begun and nothing will be the same.

Available summer 2003.

Cadillac XLR interior shown in Ebony with French-seamed leather seating surfaces.
