# Accessories for added peace of mind and more carefree motoring enjoyment

**CUSHION COVERS** *The Cadillac way to protect fine car upholstery.*

As handsome as they are practical, crest-patterned Cadillac Cushion Covers are fabricated with a fine-woven, twill surface and a foam-rubber base. They afford much appreciated protection especially when young children or pets are frequent passengers. Custom-tailored and color-harmonized . . . Cushion Covers are available for both the front and rear seat cushions.

**FLOOR MATS** *Designed to protect and complement Cadillac carpeting.*  
Available in one- or two-piece styling for front and rear compartments, Cadillac Rubber Floor Mats have an exclusive crest insignia and are color-harmonized to luxurious Cadillac interiors. Specially designed underside helps keep mats neatly in place.

**CHILD SAFETY SEAT** *For children up to 30 pounds in weight.*  
Cadillac owners, whether parents or grandparents, will find the Child Safety Seat enhances their own peace of mind, while providing added security for the younger passengers. Made of comfort-contoured plastic in a neutral color, it is available in a standard model or the deluxe model (shown), with padded seat and circular padded handrail. Folds for storage in luggage compartment.

**SHOULDER BELTS** *For outer rear-seat passengers.*  
Perfectly complementing the front-seat shoulder belts provided as standard equipment, rear-seat shoulder belts feature the same easy-to-adjust buckles with convenient pushbutton release.

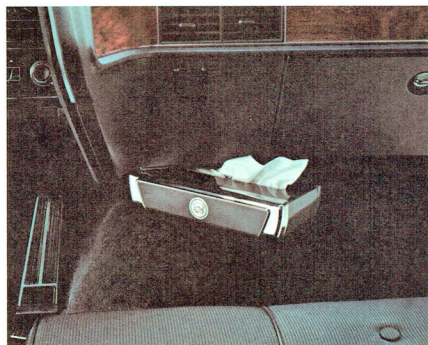

**RADIO FOOT-CONTROL SWITCH** *Change stations without looking.*  
The pleasures of your AM Cadillac Radio are made even more convenient with the Radio Foot-control Switch. A tap of the toe enables you to change stations at will, while keeping both hands on the steering wheel and your eyes on the road.

**LITTER BOX** *Perfect answer to where to put soiled tissues.*

The Cadillac Litter Box helps you keep your Cadillac's interior, highways too, neat and litter-free. In handsome ebony plastic, it has a distinctive Cadillac crest and flexible, weighted base. For front and rear compartments.

**TISSUE DISPENSER** *Indispensable for its convenience.*

The attractive finish and colorful Cadillac crest make the Tissue Dispenser a harmonious addition, as well as a thoughtful consideration, especially appreciated by feminine passengers. Mounts below the instrument panel . . . swings out for immediate availability.

# *A touch of convenience . . . plus increased protection for a fine investment*

## **REMOTE-CONTROL, TRUNK-LOCK RELEASE**

*Permits releasing deck lid without leaving the car.*

A particular convenience, especially in inclement weather, you can release the deck lid of your Cadillac with the touch of a button, while remaining comfortably seated within the car. You'll find the Remote-control, Trunk-lock Release a practical aid on shopping trips, at service stations, arriving at hotels or for luggage compartment inspection at border-crossing points.

## **TRUNK MAT**

*Helps protect luggage compartment floor from soil or stains.*

Carrying gardening supplies or sporting equipment, there's small likelihood of soiling the floor lining of the luggage compartment when using the Cadillac Trunk Mat. In neutral gray with distinctive Cadillac crest, its ribbed and pebbled pattern serves to retain dirt or moisture on the mat itself.

## **SPARE TIRE COVER**

*Enhances appearance . . . protects fine luggage.*

Designed in texture and color to match the luggage compartment lining, the Cadillac Spare Tire Cover fits trimly over the entire spare tire and wheel . . . prevents scuffing action between tire and luggage.

## **DOOR-EDGE GUARDS**

*Protect opening edges of doors from unsightly paint chipping.*

Especially appreciated when doors must be opened in a confined or restricted space, Cadillac Door Edge Guards of stainless steel are both rustproof and rattle-free . . . fit securely over door-edge contours for maximum protection.

## **FLEETWOOD SIDE MOLDINGS**

*Prevent nicks or paint chipping of body side contour.*

Available for the Fleetwood Eldorado, Sixty Special and the Brougham. The Fleetwood Side Moldings shield the side contour line of the body with the handsome beauty of stainless steel.

## **LICENSE FRAMES**

*Enhance and protect appearance of license plates.*

Made of gleaming anodized aluminum, Cadillac License Frames afford rustproof protection for front and rear license plates of your Cadillac. Fit plates of any of the 50 states.

# Accessories with a view to added security...plus a note of distinction

## TWILIGHT SENTINEL

*Activates car lights as required, for added security . . . then turns them off, all automatically.*

Twilight Sentinel, for example, will turn on the headlamps of your Cadillac automatically at dusk or on storm-darkened days, turn them off again when sufficient light returns.

Perhaps even more appreciated is Twilight Sentinel's delayed-action switch which permits leaving headlamps, and either cornering lamp, lighted for up to a minute and a half after you've left the car.

Then, having provided a pathway of light for your safety and convenience,

Twilight Sentinel turns off car lights, again automatically.

## GUIDE-MATIC (Headlamp Control)

*Dims your headlamps as required, to prevent blinding oncoming drivers.*

This automatic convenience accessory enables you to enjoy the added visibility provided by your Cadillac's bright headlamp beams, without having to remember to dim them as a courtesy to oncoming drivers. Of course, Guide-Matic returns your headlamps to bright, when you and the approaching driver have passed. In addition to an adjustment for sensitivity, the foot switch is available for signaling those drivers who neglect to dim their headlamps in return.

## RIGHT-HAND, OUTSIDE, REARVIEW MIRROR

*For added convenience, especially on multi-lane highways.*

Matches the Left-hand Outside Rearview Mirror in appearance.

## REAR-WINDOW DE-FOGGER

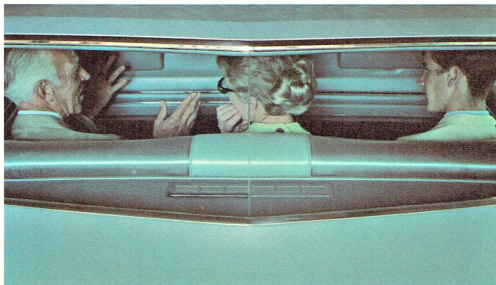

*An aid to rear visibility in humid or wintry weather.*

Select either of the two speed settings, as conditions may require, and the Cadillac Rear-window De-fogger directs fan-blown air across the inside of the rear window, to help keep it free of vision-obscuring fog or steam. In winter time, it also helps prevent accumulation of ice or snow on the outside of the rear-window glass.

## TRUMPET HORN

*Harmonious way to personalize your Cadillac.*

Add the high "C" note of the Trumpet Horn to the tones of the horns already provided and the result is an especially pleasing, melodious and readily distinguishable warning signal.

*Make your Cadillac  
more distinctively yours  
with exclusive  
Cadillac accessories*
