## PARK AVENUE ULTRA

---

### PARK AVENUE

Success is something we all wish to achieve. And when we do, Buick rewards us. Introducing the all-new Park Avenue and Park Avenue Ultra.

These all-new premium-quality American motorcars pamper the spirit and excite the soul.

There's nothing "me too" about these two. Both are one-of-a-kind finds in a world of look-alike luxury cars. Each precisely defines what Buick considers quality to be, in a premium American motorcar. Rich and elegant in line, graceful in execution. Strong and powerful in motion, and completely comfortable throughout.

Three distinct features that set the all-new Park Avenue apart from many of its more recent predecessors are its larger, more spacious new size, totally distinctive new styling and sophisticated new powertrain.

Buick's advanced powerteam utilizes the all-new 3800 V-6 engine with tuned-port fuel injection along with the new whisper-

smooth electronically controlled 4-speed automatic transmission with overdrive. Together, they perform like no other powertrain team offered in a premium-quality American luxury motorcar.

example, corrosion protection has been extended to cover virtually all of the outside body surfaces except the roof by using rust-resistant two-sided galvanized steel along with Plastisol paint protection in critical areas.

Park Avenue also offers many convenience items that cater to your needs in traditional Buick big-car style. For instance, Park Avenue Ultra rear-seat passengers can enjoy dual, swing-down lighted vanity mirrors. And all passengers will benefit from Buick's new Solar Control glass that decreases glare and helps keep the passenger compartment cool and comfortable in warm climates.

A feeling of solidity is yours, thanks to sophisticated body engineering which isolates you and your passengers from the harsh realities of imperfect roads.

Park Avenue's aerodynamic design works to lessen the coefficient of drag and reduce wind noise, making it one of the quietest Buicks ever created.

Its finish is a perfect example of Buick's attention to detail. For

Park Avenue offers everything a premium-quality American motorcar should...including Buick Roadside Assistance. Just call any time day or night, during your warranty period, 1-800-252-1112.

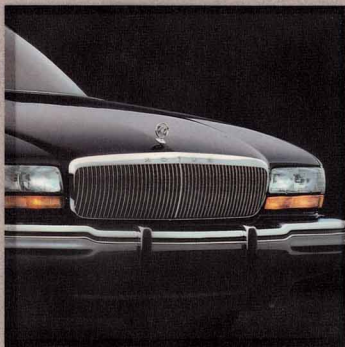

Today, Buick is the new symbol for quality in America. And Park Avenue and Park Avenue Ultra are two world-class examples of Buick at its best.

## PARK AVENUE ULTRA

Ultra sophisticated. Ultra advanced. The all-new Buick Park Avenue Ultra is the most advanced 6-passenger luxury sedan Buick has ever offered. Its key ingredients are power blended with smoothness. Comfort executed in elegance. This premium-plus motorcar delivers the best of the best from Buick. Now, experience it.

Park Avenue Ultra interior with Taupe leather in the seating areas.

Park Avenue Ultra with flush-mounted Solar Control glass, stylish aluminum 15" wheels, tungsten-halogen headlamps, unique grille and smoked tail lamp lenses.

Expecting the best from Buick has always been a tradition Buick owners have shared. The tradition continues with the all-new Buick Park Avenue Ultra.

It's powered by a new 3800 V-6 engine with tuned-port fuel injection and front-wheel drive that is activated by the first electronically controlled 4-speed automatic transmission with overdrive ever offered in a General Motors luxury sedan.

This sophisticated powerteam utilizes a special torque management system that provides effortless acceleration with precise, almost undetectable upshifts and downshifts. In all, this powerful team is ready to respond to your every command, with 170 horsepower and 220 pounds-feet of torque so that you can pass or merge smoothly...all in dependable Buick fashion.

Park Avenue Ultra also includes many features that will bring comfort and convenience to your every drive.

Inside, relax in pure Park Avenue Ultra comfort. Seats are deeply cushioned and covered in ultra-soft leather and doeskin vinyl. Six-way power seats with power recliners give you ultimate control over how you approach the road.

Park Avenue Ultra's rear-seat passengers enjoy the added convenience of having their own lighted vanity mirrors. Each mirror has its own variable light intensity control.

And Park Avenue Ultra now comes standard with a new, dual automatic ComforTemp climate control system. This system allows you and your front-seat passenger to individually control your own temperature level.

The Buick Park Avenue Ultra. Proof that you can expect the best from Buick. And get it.

Dual rear-seat lighted vanity mirrors offer added convenience for Park Avenue Ultra back-seat passengers.

Dual automatic ComforTemp climate control allows driver and front passenger to select their own temperature level.

Front-passenger door controls for dual automatic ComforTemp climate control.

## PARK AVENUE

In the grand tradition of Buick comes the all-new Park Avenue. Thoroughly original. It is an American masterpiece both in design and engineering. Park Avenue boasts a low coefficient of drag, among the best of any production sedans in the world, and its long list of quality attributes allows you to enjoy this Buick at its best.

Park Avenue offers easy-to-read backlit instrumentation and steering wheel containing, for your safety, a driver's side Supplemental Inflatable Restraint system. Available analog gage cluster and automatic dual ComforTemp climate control shown.

**P**ark Avenue is a true premium American motorcar. Its credentials speak of the best that Buick has to offer. Here are a few of Park Avenue's more notable qualities, qualities also expressed in the Park Avenue Ultra.

Now, anti-lock brakes are standard. This system minimizes wheel lock during braking by automatically controlling brake pressure at the wheels that need it, as they need it. The result is improved steering control and enhanced stopping power under many adverse road conditions.

You also benefit from a driver's side Supplemental Inflatable Restraint system (air bag) that is built into Park Avenue's energy-absorbing steering wheel. It is designed to supplement the manual front-seat lap/shoulder belt system in frontal impacts of over 14 miles per hour.

Power windows are even more powerful, operating faster than the previous system ever allowed.

Anti-lock brakes minimize wheel-lock during extreme braking conditions, improving steering control.

All-new speed-compensated radios. Now, increased speed does not overpower your sound level. Shown, available ETR® AM stereo\*+FM stereo with clock, cassette, graphic equalizer and Concert Sound II speaker system. Dual front woofer/tweeter units plus extended-range rear speakers are specifically matched to the Park Avenue's acoustics for superb sound quality.

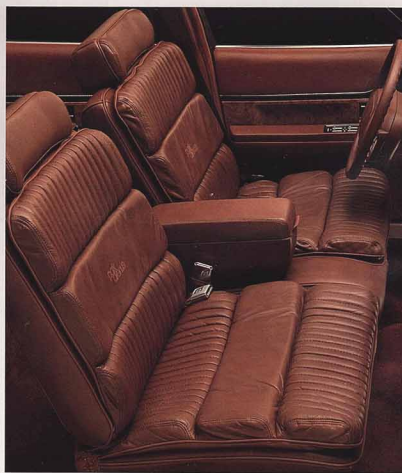

\*Receives C-Quam® AM stereo broadcasts. Most AM stations across the country broadcast in C-Quam® but some do not. Check your local stations for compatibility in your area.

The driver's window even features an "express down" capability. Just tap the button once and it continues down by itself.

You'll also enjoy the smooth, solid comfort that Buick's 4-wheel independent DynaRide suspension offers.

DynaRide makes use of deflected-disc shock-absorber valving that senses the intensity of road irregularities and reacts accordingly, providing a smooth ride.

So if you demand the best...this Buick Park Avenue certainly delivers it in premium American style. A style reminiscent of fine Buick motorcars of the grand tradition.

Shown, available Park Avenue Sierra grain ultra-soft leather and doeskin vinyl interior with front-seat storage armrest. Cloth trim is standard.

Park Avenue Sedan with refined aerodynamic styling, lower body-side moldings and special 15" aluminum wheels.

One thing you can always count on in a Park Avenue is plenty of room for you and your passengers to enjoy. The all-new Park Avenue is longer and wider, and offers an impressive 20.3 cubic feet of trunk space. That's a full suitcase more than last year.

Park Avenue also delivers many unique new features that will make your everyday trips more enjoyable. For instance, Buick inventiveness helps shield you from the glare of the sun in a comforting new way. Now, when the conventional sun visor with extendable panel is folded down, a second supplemental visor is revealed that swings down for extra coverage.

No matter how or where you drive, an available oil-life monitor feature will advise you when to change your oil, based on conditions that affect oil life.

Also, there's a new standard overhead console that contains individual reading lights, a compartment to hold your garage door opener and optional lamp monitors.

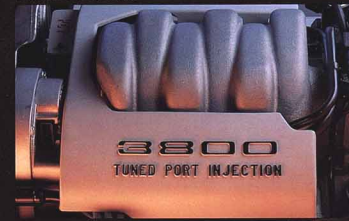

Plus, for added comfort and convenience, Park Avenue offers the optional memory seat and memory mirrors. Now, two drivers can individually pre-set their own desired seating and outside mirror position. No more switching or fussing to get back to where you want to be.

Security takes on an added dimension with Park Avenue in the form of the available remote Keyless Entry System which allows you to lock or unlock both your car and its trunk from up to 30 feet away.

You also benefit from having the standard Pass-Key® personalized automotive security system. This system provides additional theft deterrence.

Door-mounted headlamp controls have been designed for easy access.

3800 V-6 with tuned-port fuel injection features optimum air flow, precise fuel management and reduced internal friction.

Available remote Keyless Entry System and the standard Pass-Key® personalized automotive security system.

Supplemental front sunshades with extendable panels offer the added convenience of 3-way shielding.

Overhead console contains reading lights plus other convenience features.

**Park Avenue Ultra features:**

- 3800 V-6 with tuned-port fuel injection
- Electronically controlled 4-speed automatic transmission with overdrive
- Automatic dual ComfortTemp climate control air conditioning
- Pass-Key® automotive security system
- Power front disc/rear drum anti-lock brakes
- Overhead console includes front-seat reading lights, garage door opener storage and optional lamp monitors
- Electronic Cruise Control
- Electric rear-window defogger
- Electric door locks
- ETR® AM-FM stereo radio with seek, scan and speed-compensated volume control, and cassette tape player with auto reverse, search and repeat
- 6-way power driver's seat
- Driver's side Supplemental Inflatable Restraint system with knee bolster
- Power rack-and-pinion steering

- Manual outboard front- and rear-seat lap/shoulder safety belts
- Tilt steering column
- Supplemental front sunshades with slide-out extensions
- 4-wheel independent DynaRide™ suspension (not available with Gran Touring suspension package)
- Automatic level control
- P205/70R15 steel-belted, radially, all-season blackwall tires
- Power windows with driver's "express down" feature
- 2-speed windshield wipers with low-speed delay feature
- Specific grille design
- Specific smoked tail lamp lenses
- Specific color-keyed 15" aluminum wheels
- Leather-wrapped steering wheel
- Two rear-seat-passenger lighted swing-down vanity mirrors (not available with Astrorooft)
- 6-way power driver and front passenger seats with power recliners
- 55/45 ultra soft leather and doeskin vinyl seats with front-seat storage armrest
- Solar Control glass

**Selected available equipment:\***

- Lamp monitors
- Driver's memory seat with memory mirrors
- Oil-life monitor
- Oil-level indicator
- Reminder package including: coolant, windshield washer level and door ajar
- 3,000-lb trailer towing package
- Illuminated entry system with retained accessory power
- Starter Interrupt theft-deterrent system

- New-design vinyl top on Park Avenue
- Luggage compartment floor mat
- Compact disc player
- Electric sliding glass Astrorooft
- Delco/Bose Gold Music System

\*This is a partial list. See your Buick dealer for details.

1. Special torque management system includes advanced 3800 V-6 with tuned-port fuel injection and electronically controlled automatic transmission.

2. Excellent aerodynamics are achieved with a low coefficient of drag.

3. Concert Sound II speakers are standard. Delco/Bose Gold series music system is available on Park Avenue Ultra only, for ultimate sound reproduction.

4. Extensive use of sound absorbing materials to create a new level of interior quiet.

5. Torque axis engine mounting system isolates engine vibration and provides smoothness.

6. Four-wheel independent DynaRide suspension utilizes deflected-disc shock absorber valving technology to provide a "smooth as silk" ride without sacrificing handling.

7. Dual reclining front seats. Power operated on Park Avenue Ultra.

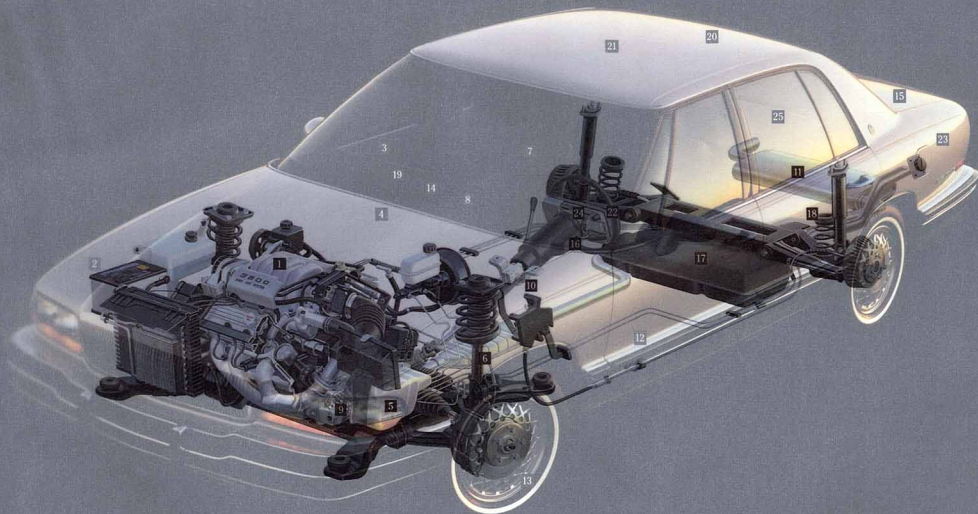

8. Air conditioning standard on Park Avenue. Dual automatic ComfortTemp climate control standard on Park Avenue Ultra.

9. Anti-lock brake system helps improve steering control during stops on icy or wet roads.

10. Power rack-and-pinion steering provides excellent maneuverability with surprisingly little effort.

11. Long-lasting stainless steel exhaust system.

12. Enhanced body structure provides good road isolation for a solid ride.

15. Large spacious interior. Large-capacity 20.3-cubic-foot trunk. Even the glovebox is larger.

16. New state-of-the-art cruise control offers smooth, precise speed control.

17. Large long-range 18-gallon fuel tank.

18. Automatic level control helps maintain rear of car at proper height with varying loads.

19. Available oil-life monitor system lets you know when to change your oil based on individual driving habits and operating conditions.

20. Electric defogger helps keep rear window clear.

21. High-gloss exterior color is sealed with a protective Clearcoat finish. Plastisol helps protect the lower body area from stone chips.

22. Tilt-wheel steering offers six comfort positions.

23. Rust-resistant 2-sided galvanized steel used virtually throughout for added corrosion protection.

24. Supplemental Inflatable Restraint system is designed to complement the shoulder and lap belt system in restraining the driver in frontal impacts of over 14 miles per hour.

25. New Solar Control glass helps reduce the amount of harmful infrared and ultraviolet rays getting into the passenger compartment.

26. Able to tow up to 3,000 pounds with available trailer towing package.

**Problem Solving Ultra features:**

- 160-hp V-6 engine with tuned-port fuel injection
- Electronically controlled 4-speed automatic transmission with overdrive
- Automatic dual ComfortTemp climate control air conditioning
- Pass-Key® automotive security system
- Power front disc/rear drum anti-lock brakes
- Overhead console includes front-seat reading lights, garage door opener storage and optional lamp monitors
- Electronic Cruise Control
- Electric rear-window defogger

## SAFETY FEATURES

### Occupant Protection

- Supplemental Inflatable Restraint system, driver only, with manual lap/shoulder safety belts for the driver and right front passenger.
- Manual lap/shoulder safety belts, outboard rear-seat positions. Manual lap safety belts, center-front/rear-seat positions.
- Energy-absorbing steering column. Energy-absorbing instrument panel. Energy-absorbing seatback tops, front.
- Interlocking door latches. Side-guard door beam. Passenger-guard, inside door lock handles.
- Head restraints, driver and right front passenger (adjustable).

- Break-away inside rearview mirror.
- Safety armrests.
- Security door locks and door retention components.
- Dual sun visors.
- Tempered safety glass, side windows; also rear window.

### Accident Avoidance

- Side marker lights and reflectors.
- Parking lamps that illuminate with headlamps.
- Backup lights.
- Four-way hazard warning flasher.
- Center high-mounted stop lamp.
- Inside rearview mirror.

- Directional signal control with lane-change feature.
- Windshield defroster, washer and multi-speed wipers.
- Outside left and right rearview mirrors.
- Brake system with dual master cylinder and warning light.
- Starter safety switch.
- Dual-action hood latch.
- Low-glare finish on inside windshield moldings, wiper arms, blades, metallic steering wheel surfaces.
- Illuminated heater and defroster controls.
- Anti-lock brakes.
- Tires with built-in tread wear indicators.

- Safety road wheel rims.
- Audible brake lining wear indicators, disc brakes.
- Pressure-relief fuel cap.

### Theft Deterrence

- Audible reminder for ignition key removal.
- Theft-deterrent steering column lock.
- Visible vehicle identification number.
- Marked body parts (where applicable).
- Remote inside hood release.
- Theft-deterrent key system (separate ignition key).
- PASS-Key® theft-deterrent system.

### Important: A word about this catalog.

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details.

### A word about engines.

Buicks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

### A word about assembly of Buicks.

Buicks are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Buicks incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buicks with different or differently sourced components than originally scheduled. All such components have been approved for

use in Buicks and will provide the quality performance associated with the Buick names. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

### A word about updated service information.

Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

### A word about warranty.

The GM 3-YEAR/50,000-mile BUMPER TO BUMPER PLUS WARRANTY covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle (except tires,

which are covered by their manufacturer) will be covered for 3 years or 50,000 miles, whichever comes first. After the first year or 12,000 miles, there is a \$100 deductible per repair visit. Body sheet metal rust-through from corrosion is covered for 6 years or 100,000 miles, whichever comes first. There is no deductible for rust-through repairs. See your Buick dealer for terms of this limited warranty. Supplemental Inflatable Restraint coverage is 3 years regardless of mileage with no deductible.

### A word about corrosion protection.

Buicks are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for 6 years/100,000 miles. Application of additional rust-inhibiting materials is not required under the corrosion coverage.

### Buy or lease a Buick.

Many Buick dealers offer you the opportunity to buy or lease a Buick. Ask about SMARTLEASE™. It may be right for you.

### The GM Protection Plan.

It offers service protection in addition to that provided by GM's new-vehicle limited warranty. Coverage is currently available only in the U.S.A. and Canada for the 1991 model year. See your Buick dealer for details.

### Buick Roadside Assistance.

It provides owners of 1991 Buicks with access to minor repairs or towing for disabled vehicles. It is reached through a toll-free telephone number and operates 24 hours a day, 365 days a year. Just call 1-800-252-1112. See your Buick dealer for details.
