

1999 *Regal* by Buick

When was the last time a

family sedan quickened your pulse?

Having a family doesn't mean you have to drive a minibus — or even a ho hum family sedan. Instead, you can drive a Regal. Sure, Regal has all the essentials you want for your family — and a whole lot of the extras too. But unlike your typical family conveyance, Regal is designed

to awaken your senses and tingle your spine. With its graceful and sleek styling, make-no-excuses power and crisp, decisive handling, Regal is a genuine performance sport sedan that will satisfy your deep-seated desire for sheer driving pleasure. Buckle up — you're in for a great ride.

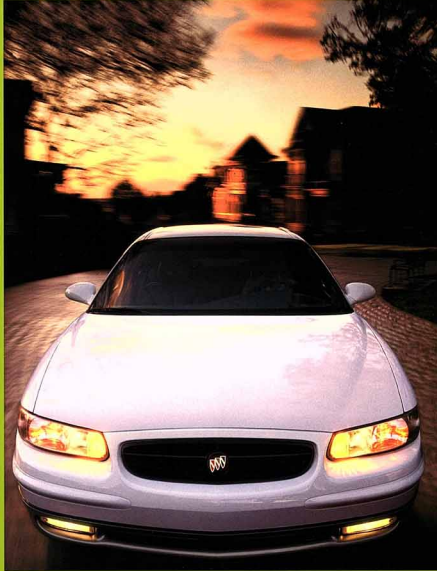

When was the last time a

family sedan quickened your pulse?

“Healthy torque

...Regal is a boldly

gives it the kick

designed sport sedan

that's fun to drive.” Motor Trend

for confident

acceleration needed

“Rock solid and rocket propelled.” Car and Driver

in around-town

driving or entering

“...one of the great

luxury performance sedans

swift-moving

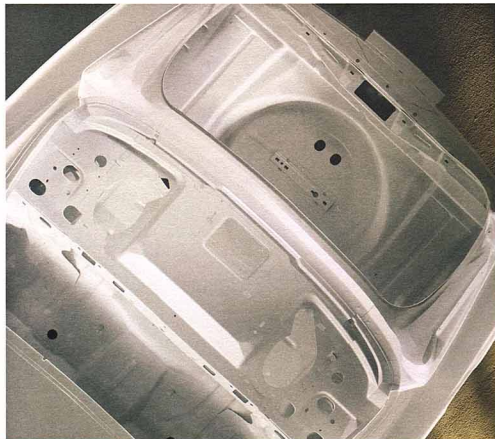

of the 300s.” Car and Driver

freeway traffic.”

Houston Chronicle

A True Driver's Car.

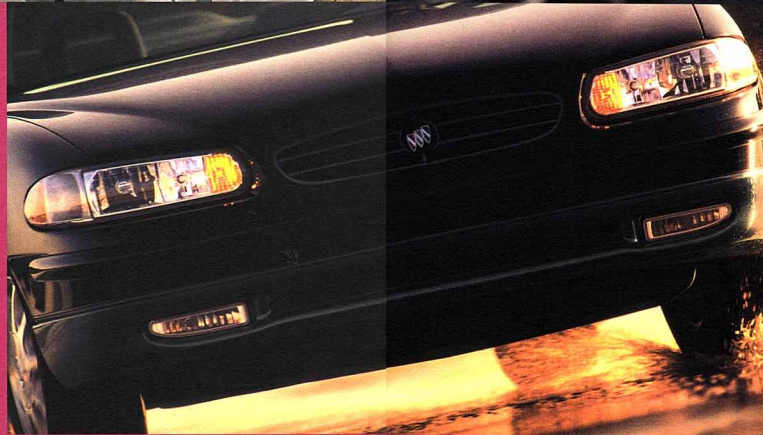

Structure: Regal's rigid body structure means less body flex — providing a firm foundation that allows for a finely tuned suspension system and excellent maneuverability. It also contributes to a feeling of stability and solidity, as well as an unusually quiet driving experience.

Power: The 3800 Series II Supercharged V6 in Regal GS unleashes an extraordinary 240 horsepower at 5200 rpm. The supercharger ensures instantaneous power on demand. Regal LS includes the powerful and proven 3800 Series II V6 with 200 very confident horsepower.

Steering: Magnetic variable effort rack-and-pinion steering automatically adjusts the power assist of the steering, making Regal easy to maneuver at lower speeds — while parking, for example — and provides excellent road feel and precision at higher speeds.

Suspension: The new and improved four-wheel independent suspension on Regal LS provides a sporty, controlled ride, while the Gran Touring suspension on Regal GS (optional on LS) makes twists and turns difficult to resist.

A True Family Sedan

Accommodation:

Regal's seats are real world-tested for outstanding comfort and ensure generous accommodation for five. The rear theater seating provides good visibility and easy entry and exit.

10

Quietness: The welcome sense of peace and quiet is due to lots of things, including triple door seals, precise seam fits, flush-mounted windshield and door handles — and an abundance of sound-deadening acoustic materials.

Susan Sweetser is not your ordinary Mom — she's Working Mother magazine's 1998 Working Mother of the Year. She also doesn't drive an ordinary car — she drives a Regal GS. And we quote: "Naturally, I appreciate all the room and all the safety equipment, but mostly, I just feel good driving it. I love this car."

More Standard Safety Features

THAN ANY OTHER CAR

IN ITS CLASS

*Based on R.L. Polk mid-size class, excludes other GM vehicles. Comparison based on 1998 models.

*Always use safety belts and proper child restraints, even with Next Generation air bags. See Owner's Manual for more safety information. Also see inside back cover for additional information.

Regal GS in Black with Storm Gray Metallic lower accent, shown with optional equipment.

It handles two-lane blacktops and suburban streets with equal assurance.

P e r f o r m a n c e / H a n d l i n g :

Besides its not-to-be-denied supercharged power, nimble handling and fluid ride, the roadholding agility of Regal GS is further enhanced by standard full-range traction control. This impressive system senses drive-wheel slippage at any speed and automatically reduces engine torque and modulates the brakes until you regain a full grip on the road. So you'll feel more confident as you face the rain, snow and gravel roads that you'll inevitably encounter. All in all, Regal's surefooted predictability will bring a smile to your face. Driving is believing.

Regal GS interior with standard leather-trimmed seats in Medium Gray, shown with optional equipment.

When it comes to accommodating features...

MONSOON The optional Monsoon® system is high-performance audio for your Regal. Designed specifically for Regal's unique acoustic properties, the Monsoon premium audio system provides dramatic clarity and produces 220 watts of continuous power through a multichannel amplifier and eight strategically placed speakers.

For a bit of fresh air and sunshine, just open the optional power sliding Astrorooft. It even includes a retractable sunshade.

On those inevitable chilly mornings, the optional heated leather-trimmed front seats extend a warm welcome and make your Regal feel even more inviting than usual.

The advanced air filtration system significantly reduces pollens and dust inside your Regal, so you can enjoy the spring foliage as you drive.

The optional steering wheel radio controls allow you to change sound sources, volume or hit mute without taking your hands off the leather-wrapped steering wheel.

Regal's lockable, fold-down rear-seat pass-through lets you carry longer items like hockey sticks, skis or fly-fishing rods — and still leaves room for four passengers.

The individualized comfort of a six-way power driver seat is standard on 6S, optional on LS. You also have the option of a six-way power front passenger seat.

The driver and front passenger can individually vary the temperature on each side of the cabin up to six degrees, thanks to optional dual automatic ComforTemp climate control.

...Regal performs beautifully.

20

For 1999, Regal LS has been refined to give you exactly what you want: more. The 3800 Series II V6 now provides more horsepower and more torque. The optional new 15-inch aluminum wheels give the LS a sportier look. And the new and improved suspension system provides more roadholding capability. The new tower-to-tower brace enhances the body structure to complement the suspension, while the sportier steering gear works with other suspension components to provide more control and quicker response. If you're not already convinced, one drive will do it.

When it comes to safety features...

Standard four-wheel power anti-lock disc brakes help you maintain steering control on most slippery surfaces — especially under hard braking. You'll appreciate the extra confidence ABS offers.

The standard folding power rearview mirrors are heated to shed frost and ice — so you can see behind you even when weather conditions are abysmal.

The standard traction control on LS works with ABS to enhance your sense of security. It automatically reduces engine torque when the front drive wheels begin to slip. The standard full-range traction control on GS reduces engine torque *and* modulates the brakes.

The standard programmable remote keyless entry locks and unlocks your doors, unlatches your trunk, illuminates the exterior and interior of your Regal — and even includes a panic alarm.

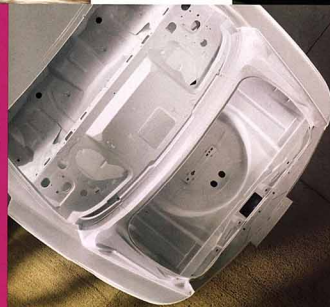

Standard daytime running lamps help others see you coming and, as it gets dark, the headlamps turn on automatically. For those nasty days, fog lamps are also standard.

Regal goes beyond the expected safety features, even including standard front courtesy door lights. When you open either of your front doors, they illuminate to light the area around you — and to warn anyone behind you.

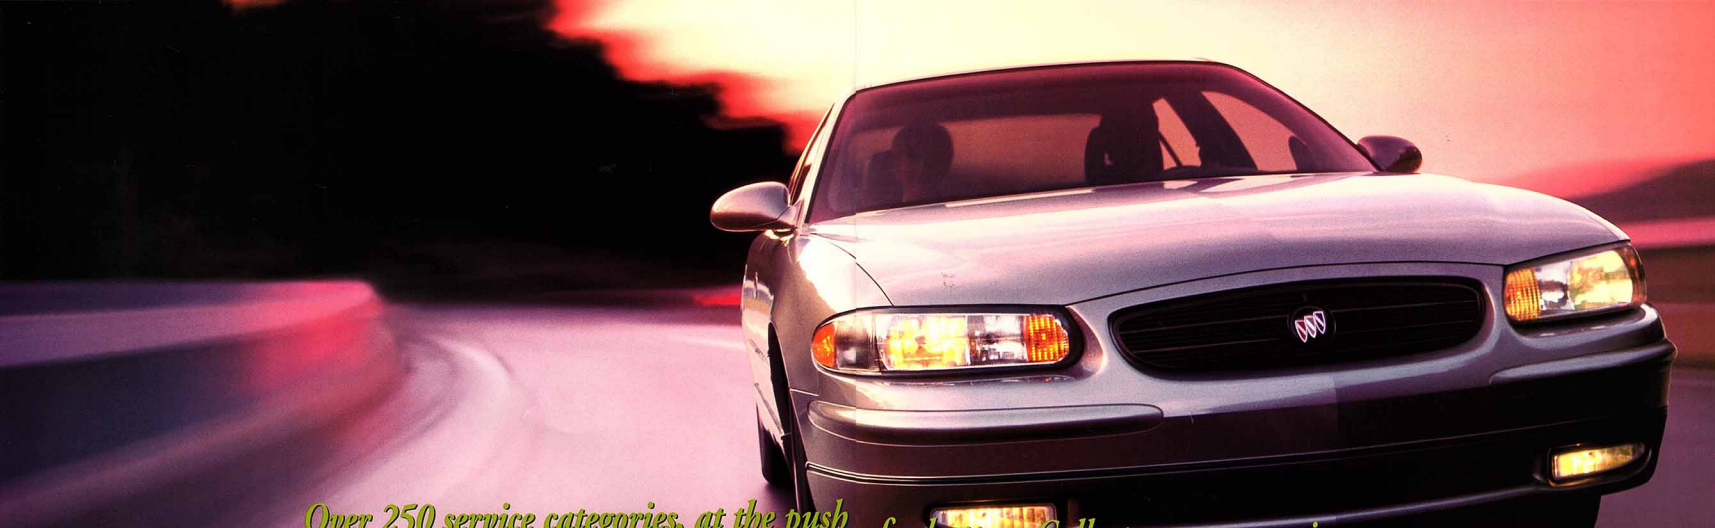

Regal's standard tire inflation monitoring system alerts you when one tire has less air than the other three, so you won't get surprised by a tire with low air pressure.

Inside, you are surrounded by a standard steel safety cage structure that's designed to help preserve the integrity of the passenger compartment in the event of a collision.

...Regal sets the standard.

Over 250 service categories, at the push of a button. Call at your convenience.

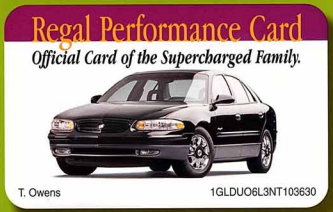

Push a button on your OnStar® cellular handset and this optional service is at your command. You reach an OnStar Advisor with instant access to immense resources. OnStar can call emergency service providers, give you directions, find an ATM or a restaurant and more. If your air bag deploys, OnStar will automatically send a call for help. If you lock your keys in your car, OnStar can send a signal and unlock it by remote. If you run out of fuel, OnStar can call roadside assistance for you. If your car is stolen, OnStar can locate it. Once in use, OnStar is a hands-free, voice-activated service. To find out more about OnStar, call 1-800-4A-BUICK.

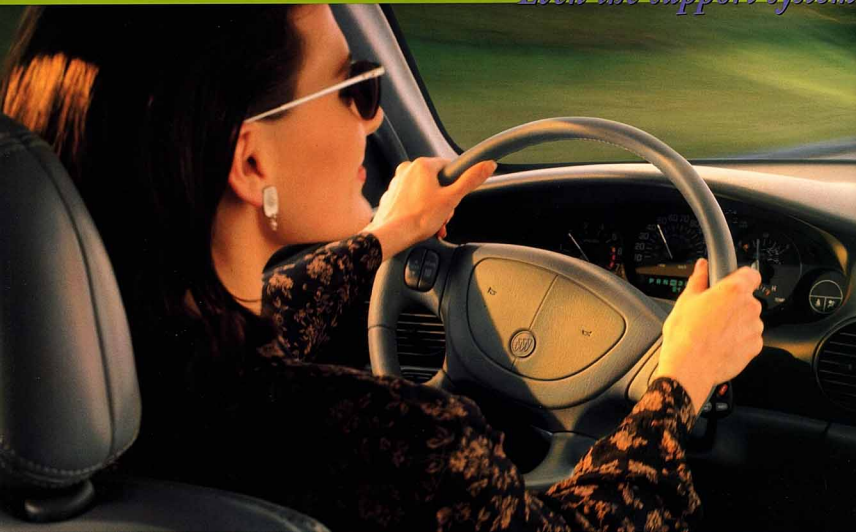

OnStar uses exciting emergency service providers and cellular and satellite technologies. OnStar requires cellular services to be available and operating for features to function properly.

With the exclusive Regal Performance Card, your Regal keeps performing even when you're not driving. The Performance Card, included with every Regal, provides free service loaners and a free oil change. It's also good for on-the-spot discounts on things like airfares, rental cars and many other services. As a Regal driver, you'll also receive periodic updates containing additional coupons and discounts. The Regal Performance Card. Saves time. Saves money.

Even the support system offers excellent performance.

In addition to the Regal Performance Card, Buick's Quality Plus program is standard on every Regal. It includes: Quality Plus Delivery — Your Regal will be ready to go, and you'll be thoroughly familiarized with its many features; New Vehicle Limited Warranty — Value covered for 3 years/36,000 miles, whichever comes first; Courtesy Transportation — If you don't use your Regal Performance Card for a free loaner when you come in for service, we'll give you a ride in wherever you need to go within 10 miles of the dealership; Roadside Assistance — Available 24 hours a day throughout the warranty period; Customer Assistance — Just call our toll-free number, 1-800-4-A-BUICK. See your dealer for details.

We're glad to be of assistance.

A word about this catalog. We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, to prices, colors, materials, equipment, specifications, models and availability. Some information may have been updated since the time of printing, so please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. Some models as shown may not be available in California, Oregon, Idaho and Washington. **Child safety.** Children generally are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors® recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. **Engines.** Buicks are equipped with engines produced by different operating units of GM's subsidiaries or suppliers to GM worldwide. **Assembly.** Buicks and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buicks with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you. **Updated service information.** Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. You can receive these bulletins too. Ask your dealer or, for ordering information, call 1-800-551-4123. **Warranty.** The GM 3-year/36,000-mile New Vehicle Limited Warranty covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle (including tires) will be covered for 3 years or 36,000 miles, whichever comes first. See your Buick dealer for terms of this limited warranty. **The GM Card.®** For information or to apply for The GM MasterCard,® call 1-800-8GM-CARD. **SmartLease.®** by GMAC.® For information about SmartLease or any of the other quality GMAC financing options, see your Buick dealer or call 1-800-32-SMART. **GM Mobility Program.** Buick recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of aftermarket mobility adaptive equipment for drivers or passengers. \$200 of which may be applied towards a siren detector for drivers who are deaf or hard-of-hearing. For details and free resource information, call 1-800-323-9935 (TTY users: 1-800-833-9935).

At Buick, we offer real cars through and through, like Regal. Cars that are solid and substantial, with more power than you may ever need. Cars that are unapologetically comfortable, with wide seats and room to stretch. Cars that are accommodating enough for the family, and stylish enough for a night on the town. Buicks are designed to fulfill your desire for a thoroughly enjoyable driving experience.

real power. real comfort. real style.
